Learning, Growing & Giving Thanks Together

Show and Tell

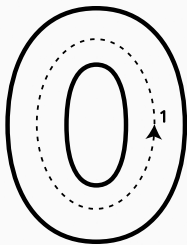

Please bring in something that starts with the letter L on Friday.

Teacher Note

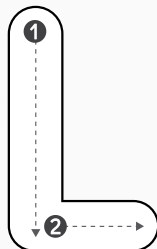

- Please note that next week the Art Farm will be visiting on Thursday morning. Kids will get to meet and pet exciting animals, as well as learn about each one of them.
- We also welcome Xavier, a Regis student who will be volunteering in the classroom every Wednesday morning. He helps the children with minor needs such as opening things and aids teachers in any prep.

What are We Learning ?

Math

We go over the number 0.
How many and how to write it.

Phonics

For our first letter L, we learn that L has two straight lines. One straight long line and one short. L makes the sound /L/ and our movement for L is licking a lollipop.

Religion

We go over our families and how that is important to our relationship with god.

Theme

As fall begins, children explore Fall and all the things that it brings. Starting with leaves. We learn of how and why they change colors in different seasons.

Special Themes

- Hispanic Heritage Month
- Fall
- Leaves!
