

OCTOBER NEWSLETTER

LEARNING, GROWING & GIVING THANKS TOGETHER

Show and Tell

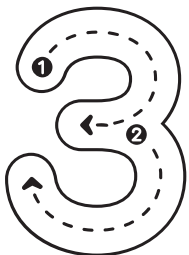

Please bring in something that
start with
H for Show and Tell.

Teacher Note

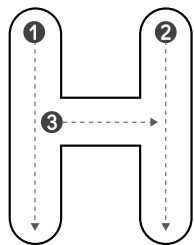

As the children grow more comfortable in school, we kindly ask that you continue to remind them at home about the importance of using kind words and actions with their classmates. Please remind them to avoid potty words or other inappropriate language at school. We love seeing the children feel comfortable and confident with us, and we want to help them understand the importance of using respectful and appropriate language throughout the school day. Thank you so much for your support and partnership!

What are We Learning ?

Math

Our number of the week is 3.
Around the tree, around the
tree, that's the way we write
a three. Three is made up of
2 curves.

Phonics

Letter of the week is H. We hold
our palm out in front of us as we
breathe out, feeling our breath on
our hand as we make the 'H' sound.
To write H, we use 3 lines/strokes.

Science

For Science we explore the parts of a
pumpkin and explore sink and float.

Theme

Our Theme is Halloween! We
have many fun activities
planned to make this
Halloween the best it can be!
